Robert Pizzimenti Joins The Regis Group, Inc. as an Associate

Leesburg, VA, September 20, 2013 - Marc Chinoy, President of The Regis Group, Inc. (TRG), announces that Robert Pizzimenti has joined TRG as an Associate.

“We are very pleased to have Robert join TRG. His more than 40 years of senior management accomplishments will be a valuable asset to the network of TRG clients worldwide”, said Chinoy.

“It is a privilege to be associated with Marc Chinoy, and TRG”, said Mr. Pizzimenti. “This is a time of enormous opportunity for all of us.”

Prior to joining TRG, Robert has been President of Ericsson Paging Systems NA, a subsidiary of Sweden’s LM Ericsson, COO of SATCOM International, a London based satellite service provider, and Vice President of Marketing for IRIDIUM Inc., the world’s first privately owned, global, telecommunications satellite system; raising over \$1.6 Billion in that effort and forming a consortium of sixteen international companies to own and operate the network.

In these positions Mr. Pizzimenti gained experience in managing complex consortia, and in navigating the complexities of coordinating the radio frequency allocation processes of the Federal Communications Commission (FCC) and The International Telecommunications Union (ITU).

Prior roles were VP of Marketing and Sales for METRO One, the cellular service operator in New York/New Jersey, and he played a significant role in LM Ericsson’s capture of a 50% market share for cellular infrastructure products in North America.

The Regis Group, Inc. based in Leesburg, VA, is a consulting group of senior executives that has specialized in Strategic Planning, Facilitation, and Decision Support.

Robert is a graduate of New York University. He is married to his best friend, Annette and they live in Leesburg, VA. His daughter Christie Lee is a PhD student in Oregon and is pursuing a career in neurobiology.
